Wait time for first appointment			
Location / telehealth available?			
Availability (days/hours)			
Session length and format			
Parent training included?			
Data collection & reporting			
BCBA supervision ratio (ABA)			
Individualized assessment first?			
Family feel / rapport with child			
References from other families?			
Cost / co-pay per session			
OVERALL RATING (1–10)			

Interview Questions to Ask Each Provider

- How many current clients with autism do you serve?

- How will you measure and report progress toward goals?
- What parent training is included in your program?
- What happens if the current approach isn't working?
- Can I see an example of a progress report?
- What is the ratio of BCBA supervision to direct therapy hours? (ABA only)
